

Protect our forefathers struggle for freedom as documented in the Carterphone Decision and Modified Final Judgement, the foundations of the 96 Telecom Act. Competition needs STRUCTURAL SEPARATION at the distribution loop, a public asset paid for by property owners! Chairman Powell: don't set the industry back 50 years to the days of AT&T and Western Electric monopoly. Stop giving away public utility and consumers choice to the fiscally irresponsible. VOTE STRUCTURAL SEPARATION preserve the public ownership and the right for the individual to decide which carrier(s) they attach on their service loop.
